

L&M Imaging to Support Lüscher JetScreen DtS End Users

20th June 2018

L&M Imaging Systems partner Lüscher Technologies

Halifax, West Yorkshire – June 20th, 2018 – L&M Imaging Systems announced direct support for all JetScreen end users.

L&M Imaging Systems Ltd, Halifax, UK have worked as service partners to Lüscher for almost 20 years with our technicians having in depth knowledge and experience installing, training, servicing and repairing all revisions of their direct to screen machines.

With effect from August 1st, 2018 L&M Imaging Systems Ltd will be providing direct support to all JetScreen end users and will have the exclusive support of Lüscher Technologies AG for all hardware and software components originally supplied by them. All approaches to Lüscher Technologies AG for support on JetScreen Direct to Screen machines will now be redirected to L&M Imaging Systems Ltd.

In addition to providing ad hock remote support, parts and labour, L&M Imaging Systems Ltd will also be offering maintenance contracts. All enquiries to be made either by telephoning +44 1422 410449 or emailing info@lmimaging.co.uk

About L&M Imaging Systems

L&M Imaging Systems Ltd. is leading supplier of imaging technologies, service and supplies for graphic and industrial applications. L&M Imaging can trace it history back more than 125 years to the Linotype & Machinery Company based in Altrincham, Cheshire. The Imaging Systems division became an independent limited company in 1991.

For over 25 years L&M Imaging have successfully applied a broad range of optical, imaging, laser, and digital-electronic technologies to meet the business needs of its customers. L&M Imaging is dedicated to maintaining the highest standards of service and support to its UK and international customers.

L&M Imaging Systems --- A wealth of imaging experience.
